Paper Title: COMPRESSIVE STRENGTH OF CONCRETE WITH LIGHT BRICK WASTE AS A SUBSTITUTION OF FINE AGGREGATE

Thanks for submitting the paper. I have corrected Fig.1 and Fig.2 (attached).

The following corrections are needed, along with the review results later on.

Fig.2 needs an x-axis legend and vertical gridlines too. It needs to be improved more later on.

The list of references needs to be rewritten according to the template.

The section "RESEARCH SIGNIFICANCE" is missing.

Any future form, such as "will be", should not be used in a scientific paper.

The tables are not prepared well.

The paper is under the review process. It has been sent for review using our 2nd online review form. Therefore, it has not appeared on the journal website. No worries.

We usually send it to 5 reviewers. Depending on the reviewers' response, it may take weeks or months to finish the review process.
